

MODEL P702CQ3

High Speed corrugated Strapper with Integrated Squaring System

FEATURES

- Bundler and Integrated 3-Side Squaring
- 24 Bundles per Minute, single Strap
- Proven 702C Strapping Head Technology
- FAST Setup and Size changes
- Siemens PLC and HMI
- Small Footprint, Similar to Standard 702C
- Adjustable Conveyor Speed
- Adjustable Conveyor Height
- Unique All Electric, DC Direct Drives
- Including Top Press, Side Press and Backstop

MODEL P702CQ3

High Speed corrugated Strapper with Integrated Squaring System

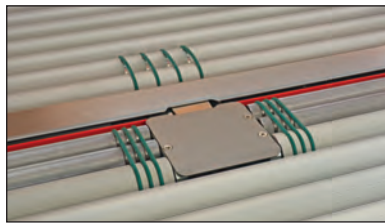

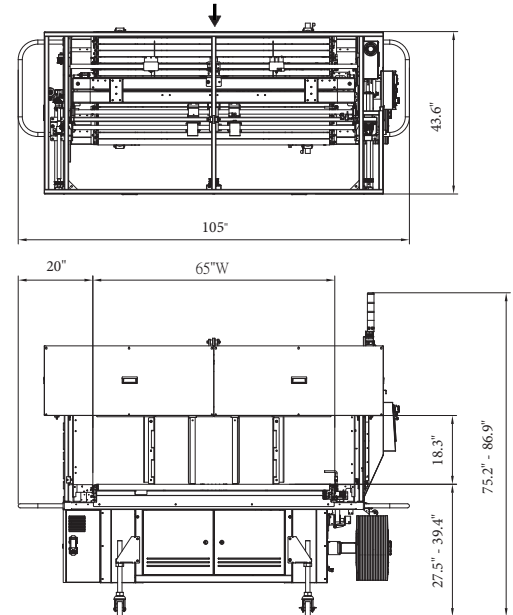

PRODUCT DESCRIPTION

The P702CQ3 is an **all-electric** high-speed corrugated strapper with integrated squaring and backstop functions. It is built on the quality proven P702C corrugated strapper and carries all the innovative features of the P702C. Motorized squaring and backstop devices provide precise bundle handling and positioning for forming perfect bundles.

The P702CQ3 uses the latest DC brushless motor direct drive technology to provide the highest level of accuracy and reliability in the market. With a compact design and fewer moving parts, the P702CQ3 requires fewer adjustments, has fewer wear components, reduces repair time and minimizes maintenance costs.

OTHER OPTIONS:

- Conveyor height elevation kits up to 60"
- Voltage options
- Dual dispensers with auto load in 20 seconds
- Energy saving Sleep mode
- Tandem machine with dual strapping heads

For small bundles

Squaring front
