

Samuel Packaging Systems Group, part of the family of Samuel companies, is a leader in the design, manufacturing and distribution of packaging, unitizing and product identification solutions.

METAL INDUSTRY SOLUTIONS

YOUR SUCCESS IS OUR BUSINESS

SAMUEL
1855
PACKAGING SYSTEMS GROUP

SAMUEL, SON AND CO.

Founded in 1855, Samuel, Son & Co. is a family-owned and operated, integrated network of metal manufacturing, processing and distribution divisions. Samuel provides seamless access to metals, industrial products and related value-added services, leveraging our industry expertise, breadth of experience and the passion of our people to help drive success for North American business—one customer at a time.

SAMUEL PACKAGING

Samuel Packaging Systems is your complete single source supplier for all of your packaging and unitizing needs. Samuel Packaging Systems manufactures and supplies a broad range of steel and plastic strapping, hand tools, edge protection, stretch film and related equipment, as well as standard and custom-engineered packaging and material handling equipment. Samuel Packaging Systems' products and systems can be found in virtually every industry and are supported by a comprehensive sales, and customer service network.

VAUGHAN EQUIPMENT DIVISION

Vaughan, Ontario Canada

Samuel Packaging Equipment Division provides custom-engineered packaging equipment for the metals industry. Machinery is designed, fabricated and assembled in-house. Our electrical and mechanical engineers have decades of experience in the packaging and automation business. Samuel is unique in its ability to provide turn-key integrated handling, packaging and advanced automation solutions. We remain focused on Innovation – providing our customers with the highest Equipment Speed and Efficiency, Ease of Service, Self-diagnostics, Automation and labor reduction, and Internet connectivity. The equipment is designed and built in North America for the North American marketplace.
