

## ***Corporate Environmental Policy***

***At the Samuel Group of Companies we are committed to maintaining and improving our Environmental system.***

***The following Environmental principles will serve as codes of conduct for all operations.***

- *We will strive to continually improve our activities, products and services that impact environmental performance.*
- *We will comply with relevant Laws and Regulations and meet other Company approved standards and requirements.*
- *We will integrate applicable environmental requirements into our activities, processes, procedures and employees practices.*
- *We will minimize our consumption of resources by reducing, reusing, and recycling whenever possible thus preventing and reducing pollution and its impact on the environment.*
- *We will use our Environmental Management System to set objectives and targets, assign responsibilities, communicate, train and audit our environmental performance in order to achieve our objectives.*

***Following these principles will ensure that the Samuel Group of Companies will consistently meet our obligation to protect the environment in which we live. This commitment to our employees, customers, local communities and the environment is in accordance with "THE SAMUEL WAY."***
